

NAGAHARA MINI

Every MINI is made with the finest quality and expertly aged exotic wood for the body and headjoint, solid sterling silver mechanism with French-style pointed arms, Unique tapered bore body and head joint (US Patent #7,439,428), the Nagahara Scale for the MINI, all pinless mechanism, the G# touch lever, C# Mechanism (US Patent #9,257,105), pitch A=442, B-foot, synthetic foam Pads and plastic tonehole inserts. The base price includes an M1 headjoint style with a traditional profile. Other headjoint options are available at an additional cost as listed below.

MINI

Each MINI comes with a M1 Headjoint of matching tubing material

NAGAHARA MINI	\$9,020
----------------------	---------

Sterling silver mechanism, Nagahara Scale (MINI), G# touch lever, pitch A=442, B-foot.

Headjoint Upgrade (M2* or M3**)	\$200
------------------------------------	-------

Extra Headjoint (M1 Style)	\$630
-------------------------------	-------

Extra Headjoint (M2 or M3 Style)	\$830
-------------------------------------	-------

Headjoint Styles:

M1 - Traditional flat embouchure cut profile offering ease in flexibility and tone color change. This style comes standard with every Mini.

M2 - Features a lipplate design for extra comfort and support. *

M3 - Features a lipplate with a small wave inspired by our “Konami” lipplate design for the flute. Emphasizes clarity of tone and ease of articulation, especially in the low register. **

Each Mini comes standard with a velvet-lined french style case, a vinyl case cover and a cleaning swab. A one-year warranty is granted from the date of purchase, and the first shipping delivery is complimentary within the continental USA.
